

#1

I think my dog Opie is the best dog in Geauga County. He takes turns sleeping with us and when he does, he likes to go right on top of our pillow and snuggle up by your head. Usually Opie comes when you call him, but mostly when you have food. When people come over he jumps on them because he's excited and he loves them. If you throw something he'll go and bring it to you to throw again. He doesn't go to the bathroom anymore in the house, instead he stands by the door and waits. When he wants in he stands by the door outside and scratches it. Opie would make a good guard dog because when people knock on the door he barks like crazy. When your lonely he's always there to talk to. He's an related dog. My dog is special to me and that's why I think my dog should win.
